

**321477 "Date Cleared Criteria (for Bank Reconciliations) on SAVED SEARCHES.**

We have over 100 bank accounts and looking at every bank reconciliation report to see if someone has done their job correctly takes TOO long. We just want a report that shows us all outstanding items as of a particular date - this will allow us to review for stale dated items QUICKLY.

**4660 was filed for the request to use the Transfer Funds functionality for account type Credit Card**

The ability to do transfers between bank and credit cards. It is embarrassing when someone says wow QB does yet and yet NS does not! Enhancement #4660 was filed for the request to use the Transfer Funds functionality for account type Credit Card. This gets no traction as NS believes the work around is acceptable - like write a chq, do a journal but really it is a transfer of funds!!!

**552268 Summary: Account Reconciliation Summary Portlet > Ability to Export Results in MS Excel/CSV Format.**

**602921 - Transactions > Bank > Banking Import History > View link to Import Details not available**

But to me, we should be able to run a saved search on this imported information.
